In-Wall Cable Management

Décor Brush Plate

- Offers a clean on-wall cable management pass through
- Used where A/V cables pass through the wall such as behind flat panel HDTVs and head end A/V gear
- By eliminating the connectors at the wall, the installer reduces labor and material costs, while improving signal integrity
- Cables can be fed from the floor up and the ceiling down with ease
- Attaches to standard 1-gang or 2-gang low voltage backless boxes
