Periodically, something as exceptional as **THUNDER** comes along, and people take notice. Clean, clear and powerful describes the Omage **THUNDER** series every time.

Serious music and big home theatre effects are the hallmark of this series. Many technical features make it all happen. Massive cabinets, extra thick front baffles, internal horizontal bracing, magnetically-shielded high-performance rubber suspended drivers --all ensure deep bass and clean, clear, high and mid-range frequency development.

GREAT POWER:
 Built for serious enthusiasts, the Thunder series relies on the "more is better" principle. Multiple high efficiency drivers keep the line tight and accurate.
