150A5 - AUDIO

The 150 is a premium quality series featuring high-gloss wood, perforated metal panels and dark glass doors. The 150A5 contains four interior adjustable glass shelves to simplify equipment placement and front doors to protect and hide everything from view. Side and rear metal panels close the cabinet and enable a free air flow recommended for electronic equipment. A simple rear panel wire management system will help keep wires organized and out of view.

PERFORATED METAL PANEL

Perforated metal panels conceal equipment and provide aeration.

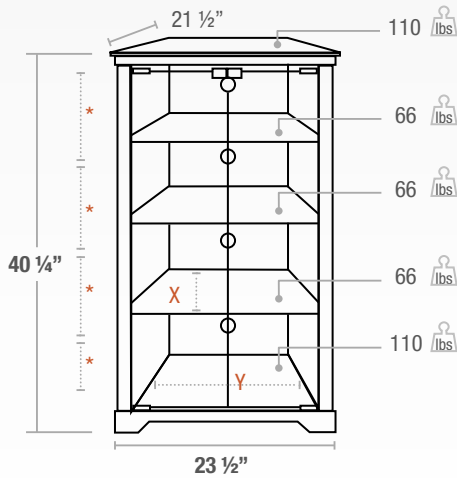

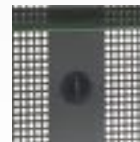

DARK GLASS DOORS

Glass doors hide and protect equipment.

WIRE MANAGEMENT

Wire management helps organize and hide wires.

Top Shelf thickness 25 mm

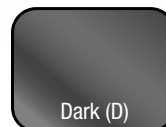

Lower Shelf thickness 6 mm

*= Middle shelves are adjustable by 2 1/4 inch increments

X= Usable Shelf Depth 19"

Y= Usable Shelf Width 18 1/4"

150V - VIDEO

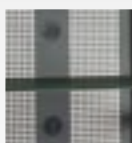

The 150 is a premium quality series featuring high-gloss wood, perforated metal panels and dark glass doors. The 150V contains two interior adjustable glass shelves to simplify equipment placement and front doors to protect and hide everything from view. Side and rear metal panels close the cabinet and enable a free air flow recommended for electronic equipment. An inlaid top glass panel creates a distinctive look and protects the stand's surface.
