

# heavy duty extendable wall brackets

## SS SERIES - LCD BRACKET

Sonora is pleased to introduce three new flat panel wall supports. All models are capable of supporting up to 99 lbs. and come with two mounting plates to accommodate a wide range of VESA settings. Choose either the SS1P44 single-point adjustable flush mount, the SS2P44 two-point extendable and adjustable mount or the SS3P44 three-point extendable and adjustable mount. Easy to install and adjust, all models come with a bubble level meter and cable management system.
