## SPEAKER BRACKETS

### WB-15M

The Sonora WB-15M is the ideal adjustable support for bookshelf speakers weighing up to 7 kg (15 lbs). Made of metal for extra strength and stability the WB-15M is easy to install on any surface and simple to adjust even with the speaker attached.

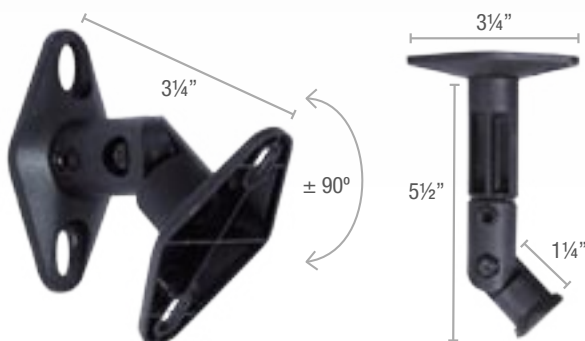

Maximum bearing capacity **15**  lbs

### WB-55C

The Sonora WB-55C is an easy to install swivel and tilt speaker clamping wall bracket. Conveniently adjustable even with speakers securely clamped into position, the WB55C was designed for speakers of 17cm to 41cm (6.5" to 16") wide, weighing up to 25kg (55 lbs.). Constructed of metal for extra strength and security, the WB55C features a decorative wall cap to cover unsightly hardware.

Maximum bearing capacity **55**  lbs

### WB-12U

The Sonora WB-12U is the perfect solution for speakers weighing up to 4.5 kg (10 lbs). It is a universal bracket that may be mounted on the wall or ceiling and will hold your speaker from the top, bottom, side or rear.

Maximum bearing capacity **10**  lbs
