

WST3

Speaker stand

The ability to reproduce music optimally is greatly enhanced when a solid contact to the floor is established. The WST3 wood and metal speaker stand provides stability while eliminating unwanted vibrations and movement. The WST3 features a 25" to 40" adjustable center post and a choice of two top plates (4" x 4" and 6.5" x 5") making it the perfect stand for front and rear speakers of all sizes. A stylish front curve and a high gloss finish give this stand an impressive high-end look.

One unit suits all need:

- Telescopic: 25"-40"
- 2 plate sizes to support all sizes of speakers
