

CAT6-305

Category 6 Data Cable

Category 6 wire is now part of the extensive family of products offered by Omage and is available in, easy-pull tangle free, boxes of 305 m. Cat6 wire with high performance specifications is a very popular choice for computer networks as well as for full house automation systems. To avoid external interference and crosstalk, each cable is designed with four twisted pairs of 23 AWG copper wire. This use of balanced lines allows Omage Cat6 wire to carry data up to 100m and audio and video information up to 300m with high signal integrity.
