

Tempo Series

The Tempo Series series is designed to guarantee superior performance. All speaker cabinets are internally braced to ensure a tighter bass. The QTS5 bookshelf convincingly plays front or rear position, relying on a single 5.25" woofer and a 1" silk dome tweeter. The QTT5 tower uses two 5.25" rubber-suspended treated-paper woofers with a 1" silk dome tweeter. Dual 4" woofers and a 1" silk dome tweeter bring focus and detail to create an exciting sound environment, while the QTC center channel can be hung on the wall vertically as a center channel or horizontal as an LCR.

- Superior Performance
- Internally Braced Cabinets
- Anti-vibration Rubber Feet
- Available Finish: Black
