MAESTRO POWER BARS

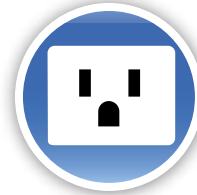

Maestro is pleased to announce the addition of new power bars to the very popular POWER PRO series. Three full featured power bars with 10 foot power cords and a wireless wall tap add choice and versatility to the line. To ensure performance and security, each model features both EMI/RFI filtration and transient voltage surge protection.

540 Joules

PP6

The PP6 is a **6 outlet power bar** that can accommodate one large adaptor. A 43 db EMI/RFI noise filter and 540 joules of protection help deliver clean power and protection to your equipment. This bar also features a convenient 10 foot cord with a 90 degree head.
