

The Sonora PW3-AS is a solid, heavy-duty accordion style wall bracket that can extend straight out from the wall to a distance of 25½". Capable of holding large Plasma and LCD TVs, it can be

tilted up or down and positioned left or right. A convenient wire management system is discreetly built into the folding arms.

PW3-AS

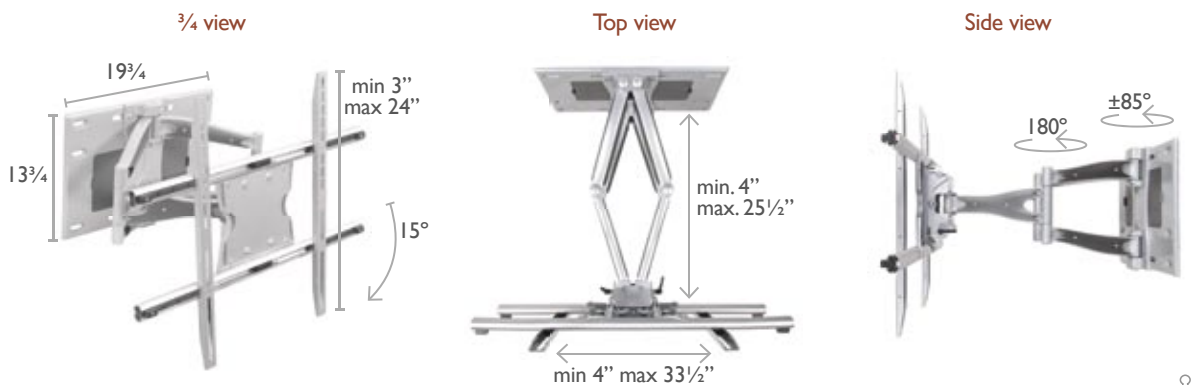

**WIRE CONDUITS**  
A convenient and safe wire management system is concealed under decorative arm caps.

**REAR ACCESS**  
Two door panels provide easy access to wall wires.
